ART EXHIBIT

The Marion Art Center will have its first summer exhibit titled Pictures at Home beginning July 2nd. The theme of this exhibit is based on the idea that the pictures were personally chosen by friends of the Art Center as the type of picture they would like to own and live with at home, not just admire in a gallery. There will be a great range of style and should provide a provocative environment for discussion of the varying art modes. In general, the selections have been made from the following galleries in Boston: Nova Gallery, Vose Galleries, Swetzoff Galleries, Doll and Richards, Inc., Guild of Boston Artists, Inc., Boris Mirski Gallery, Childs Gallery and Carl Siembab. The Art Center friends, who live in Marion, Mattapoisett, Rochester, New Bedford and Wareham, will also include in the exhibit recently acquired pictures which they own. Mrs. Thomas T. Crowley is chairman of the committee which includes as members, Mrs. John A. Perkins, Mrs. William Prewitt, of Marion, and Mrs. Frederick Deane of Boston.

STRAWBERRY FESTIVAL

The Rochester Men's Brotherhood's annual Strawberry Festival will be held in the vestry Saturday, July 1st, at 6:30 P.M. It will feature all the shortcake that those attending can eat. Tickets may be obtained from Brotherhood members. Serving on the committee in charge of this event are Egbert Driscoll, Arthur Lionberger and William Alves, chairman.

LETTER TO THE EDITOR

June 16, 1961

To the Editor of the Presto Press;

I personally wish to recomend that anyone who has ever claimed to be a true American see the film "Operation Abolition". It was my extreme pleasure, thanks to the American Legion, to be a part of the audience of that film at the Town Hall Friday night.

It is shameful to see how our college students are led, not even realizing it, by Communist Mob Psychology. As one Catholic priest pointed out at one time, these students cannot be Communists, because they are Christians. They are just victims of this horrible monster called Communism.

If more people could see this film and realize what a terrible thing Communism is doing in our country, we would stand a much better chance of doing away with it.

I want to express my thanks to the American Legion, Florence Eastman Post 280, and to David N. Haley for making it possible for me to see this film. And an especially warm thank you to Mr. Armand Penha, a friend and one-time neighbor, for what I feel was a job very well done.

Sincerely,
Joan E. Root

NEEDLESS DESTRUCTION OF INDUSTRY

In this area there are hundreds of people, on the Cape there are thousands, who are dependent upon the summer business for their living. New England weather, being what it is, makes this short season a precarious one for these people. Much as we would like to, we can't change our weather. One thing that we can change, and in all reason should change, is the archaic Blue Laws which threaten great hardship to all of us. The Supreme Court of the United States, in a May 1961 decision, upheld these ancient laws which have outgrown their need to exist. In the decision to close business places on Sunday the issue of religion was not an issue. Instead the court put it on a recreational basis as a matter of health and of getting the necessary rest that our health be preserved. Since rest can be had on any given day of the week, it is most unfair and tragic to cut the season in half for these people who depend on it. Weekends are the time when people have the leisure to travel. The greatest volume of travel and business is on a Saturday and Sunday. By taking away Sunday we do, literally, cut the season in half. The laws are enforced so unequally as to make them ridiculous. For one instance; drug stores for

obvious health reasons are allowed to remain open. Drug stores now carry a tremendous variety of articles which are carried by other stores forced to close. It would be as foolish to force drug stores to sell only drugs to comply with the letter of the law. It is equally ridiculous to force gift shops to put in a drug department in order to gain equal rights under the law.

We take this only for an example. If the law is good and should be kept, gas stations should close, restaurants should close, bars should close. Every individual, without exception, should be forced by the police to rest. Fantastic, of course, but this is the law. We in Massachusetts lost the textile industry.

Our tax laws make it exceedingly difficult to attract new industry. Can we really afford to ruin the tourist industry? Blue Laws are a classic example of the fact that laws are easily passed but almost never taken off the books, once enacted. They are discriminatory, outmoded, completely unfair in the enforcement and cause only hardship to people. Businessmen who will be hurt need support. If you are interested in seeing these laws changed, write down the parts of the law that you would like to see repealed or amended or added to. Do not think that this will not affect you as an individual. Every person in this area will feel the blow if this area is further depressed by the ruin of the summer trade.

We have a remarkable man for Senator from this district who works for our section day and night. His name is Senator Edward C. Stone, State Senator, Cape and Plymouth Senatorial District, 41 Mount Vernon Street, Boston 8, Mass. If you will send your views to this source I am certain that the Senator will give them full attention and will use the knowledge gained to go to bat for us. Our Senator is vitally interested in the welfare of our district and proves it every day of the week by working harder than any man we know.

of food to be held Saturday, June 24, from 10 A.M. to 2 P.M. at Roland's Market, Front Street, Marion. The purpose of the sale is to raise the funds necessary for the entertainment of 32 foreign students and their chaperones visiting Marion and Wareham while touring New England at the close of their school year in the United States under the program of the American Field Service.

The Marion Chapter, American Field Service, met last week at the home of Mrs. Kenneth Graham and approved a program of entertainment planned for the young visitors. A full day is in prospect on Saturday, July 1st, culminating with a chicken barbecue prepared by the Cushing Post, VFW at its pavilion on Route 6 at 6:30 P.M. Each of the foreign visitors will have an American student as their companion. Host families and members of the committee may also attend the barbecue. Reservations are to be made with the chairman Otis C. Severance not later than June 24th.

Miss Chandler was Marion's first student to go abroad under the exchange program. Miss MacFarlane was the American "sister" of Eva Maria Pein of Germany who lived in Marion for a year.

Also planned for the foreign students will be a trip through the canal, to Plymouth, Edaville and Piney Point.

It was voted to give a donation to the Salvation Army. Cub Scouts were given permission to use the hall for their annual banquet on June 24.

OPERATION ABOLITION SHOWN

The documentary "Operation Abolition" drew a crowd of close to capacity at the Mattapoisett Town Hall on Friday evening. The Americanism Committee of Florence Eastman Post 280 American Legion, Mattapoisett sponsored the showing of the film. Interest has been intense since the showing at the Hilltop Friendship Society. At that time the Rev. Frederic Reynard read a prepared statement objecting to the film. The news account of this event and various letters to the editor of the daily paper no doubt were responsible for turning out the close to 280 people at the Town Hall.

Mr. Earle Wilson, chairman of the Americanism Committee, greeted the gathering of townspeople with an introduction to the film and he then turned the stage over to Mr. David Haley of Mattapoisett. Mr. Haley donates his services almost nightly to show this film to any organization which expresses a desire to see it. He explained that the copy of the film was privately owned and that the picture was made of film clips taken on the spot at San Francisco by private news media and later subpoenaed by the House Committee. For that evening, he said, statements would not be allowed but that a question period would follow the showing of the film. He pointed out an error

in the commentary of the movie concerning the time when Harry Bridges arrived at the scene of the riot.

The film was well received. A round of applause followed the viewing. Written and signed questions were then submitted to Mr. Haley. While he was waiting for the questions he read an excerpt from Communist Target - Youth by J. Edgar Hoover concerning the serious efforts of the Communists to use loyal American students as dupes. He also read the duties of the House Committee of Un-American Activities as they are spelled out by the House of Representatives. It seems that the Communists have charged that this is an illegal body. In answering questions, he said that a lack of knowledge of our system of government plus a lack of deep faith in God had led to the defection of the United States turncoats in Korea. This same lack, he said, is probably the reason that these San Francisco college students had let themselves be confused and misled. In the picture a man is interviewed by a newspaperman. This man admits openly that he is an organizer of demonstrations. His job is to travel to every city where hearings are to be held as a field operator and to set up demonstrations and support for those people who are subpoenaed to testify. Mr. Haley said that this man has since been convicted for Communist activities and is in prison. He pointed out that not only the House Committee but the FBI is under attack by the Communists whose aim it is to destroy all internal security agencies in this country. In answer to a question Mr. Haley said that approximately 20% of the objectors to the film in showings that he has made have

been clergymen of various faiths and denominations. He thought that the reason could be a lack of understanding of the fundamental nature of Communism. That the Communist is an atheist who completely repudiates all moral values as we are taught them. They deny God, truth, honor and work only to advance the day when Communism has taken the world. It is all documented and the timetable printed, he said, Khrushchev himself, in a public speech, set the year for the taking over of the United States as the year 1973.

As Mr. Haley completed the questions he read a slip of paper and announced that in the audience there was a lifetime member of the American Legion whom he would like to introduce. He introduced Mr. Armand Penha of Fairhaven who is nationally known as a former FBI undercover agent. To an ovation Mr. Penha took the stage carrying a bulging briefcase. He held up a copy of the Rev. Reynard's letter and said that he was disappointed that the writer was not present as he had come well prepared to answer the letter. At this point, a man at the rear of the hall shouted "That's not called for". A second man shouted "sit down" to the objector. Mr. Penha said, "I think I have a perfect right to defend my country." He referred to the "facist" section and other points in the letter to which he takes exception. He challenged a debate on the letter at any future time. He strongly supported the film

DRIVER MERIT PLAN UNCONSTITUTIONAL SAYS ALA

The driver merit plan, suggested by Insurance Commissioner Otis M. Whitney, will be challenged in the courts as being unconstitutional "unless some provision is made giving the motorist the right to appeal a finding by an insurance company to a court of law," says the Automobile Legal Association.

"While the ALA is in favor of any plan to reward safe driving by lower insurance rates, we do not believe that any insurance company has the right to fix guilt or innocence when it will result in higher rates, unless the motorist can defend himself in court," A. W. Query, Jr., ALA legislative counsel, said.

"The ALA questioned the constitutionality

of the ill-fated point system of a few years ago on these very grounds and carried it to the Supreme Court. Under the old system, the police officer could fix the guilt or innocence, and the motorist had no right to appeal to the courts. Under the new plan, the insurance companies merely change places with the police officer.

"We doubt seriously that a motorist will stand for paying higher rates for a period of years merely because an insurance company has decided he is guilty. Give the motorist the right to appeal the finding in court and the ALA will enthusiastically endorse the plan. Otherwise, we feel it our duty, in the public's interest, to pay the expenses of a test case," Query said.
